

## COMPARING APPLES Data Sheet

Use the chart below to record description words about each type of apple. Questions and examples of description words to help you can be found below. Then write down your favorite and explain why.

| Apple Name | See | Feel | Smell | Hear | Taste |
|------------|-----|------|-------|------|-------|
|            |     |      |       |      |       |
|            |     |      |       |      |       |
|            |     |      |       |      |       |
|            |     |      |       |      |       |
|            |     |      |       |      |       |
|            |     |      |       |      |       |
|            |     |      |       |      |       |
|            |     |      |       |      |       |
|            |     |      |       |      |       |
|            |     |      |       |      |       |
|            |     |      |       |      |       |
|            |     |      |       |      |       |
|            |     |      |       |      |       |
|            |     |      |       |      |       |
|            |     |      |       |      |       |
|            |     |      |       |      |       |

| See:   | Smell:   | Taste:   |  |
|--|--|--|--|
| What color is the apple? Is it red, green, yellow, or a mix of colors? | Does the apple smell sweet, sour, or stinky?                       | Does the apple taste sweet or sour? Does it taste good or bad?     |  |
| What shape is the apple?<br>Round, flat, tall or heart-shaped?         | Does it smell like something else<br>you have smelled before?      | What other foods have you<br>tasted that you can compare it<br>to? |  |
| Feel:  | Hear:  |  |  |
| Is the apple hard or soft when you squeeze it?                         | What does it sound like you take a bite? Is it crisp or crunchy or |  |  |
| Is the skin smooth or rough?   | do you hear your mouth slurping because it is really juicy?        |  |  |
| My favorite apple is the   | because  |  |  |
