WHY?

The population of the earth is predicted to grow to 9 billion people by the year 2050. We need professionals dedicated to providing more people food and renewable resources while conserving the earth.

There are more jobs available than educated and skilled graduates. Nearly 60,000 agriculture jobs need to be filled in the US each year.

75% of Agriculture-Related Jobs are in Food & Beverage Marketing, Service, Preparation, Processing, & Manufacturing.
